## Get preferential treatment when disaster strikes.

**With our free Priority Service Agreement, it's just a handshake away.**

Looking for a trustworthy partner to help your business with emergency mitigation and disaster restoration during an emergency is nearly impossible. As a commercial real estate professional, you know that a little pre-planning goes a long way when unexpected situations arise.

Our **Priority Service Agreement (PSA)** ensures you and your staff know who to call any time day or night, in the event of an emergency for priority attention 24/7/365.

---

## Six reasons why our PSA is right for your organization

### **It's free.**

At Hays + Sons, we still believe our word, and a handshake is worth something. That's why there is no cost for you to take advantage of our PSA.

### **No contracts.**

You agree to call us first, and we agree to respond immediately. It's that simple.

### **Discounts are available.**

When you opt in to the PSA, you are eligible to take part in our commercial mitigation discount program that allows you to better budget for potential emergencies.

### **Live customer service.**

By calling **800-536-4056**, you will reach a 24-hour, 7 days per week, 365 days per year emergency response representative so you won't have to waste precious moments before getting the help you need.

### **Emergency response planning.**

We help PSA customers with an emergency response plan that includes floor plans and key contacts in a single, easy-to-access location through our web-based application.

### **Local service provided on a national level.**

As a member of Restoration Affiliates, we work on a national level, taking our customer-centric, local approach to customers and communities in need of restoration services.
